

NAMI Basics Education Program Course Evaluation

Please place a check mark (✓) in the box that best describes your response to each of the following statements.

	Strongly Agree	Agree	Neutral	Disagree	Strongly Disagree
The written materials were useful for me					
The teachers of this program effectively communicated the course information					
I would recommend this program for other caregivers of children and adolescents with mental illness					

What was the most beneficial part of this course for you?

What could we do differently that would make it a better course for parents who take it in the future?
