Hello, my name is \_\_\_\_\_, and I am one of the teachers with the With Hope In Mind Education/Support Program. I would like to ask you a few questions to make sure that what we are offering through the workshops will suit your particular needs. Anything that you tell me is confidential.

The With Hope In Mind workshop program is a free, comprehensive series of eight workshops designed specifically for family members and friends of persons affected with mental illness, such as Bipolar Disorder, Depression, Schizophrenia, and co-occurring disorders such as substance abuse. If you are a parent, spouse, sibling, adult child or friend of someone who has a serious mental illness, these workshops are designed for you. Through With Hope In Mind, you will be offered information on symptoms, emotional support, tips for self-care, coping skills, problem management, and hope.
